IRI-UPC Internship Programme 2019

The Institut de Robòtica i Informàtica Industrial, CSIC-UPC, offers **3 grants** addressed to UPC Master or undergraduate students to carry out a research internship in our centre. This programme is under the María de Maeztu Unit of Excellence Seal.

1. **Requirements of the applicants**
The students must meet the requirements to apply for an INIREC grant at UPC.

2. **Duration of the internship**
Each internship will be funded for a maximum of 4 months under this Programme. The dedication of the student will be 20 hours per week.

3. **Funding support:**
Each student will receive 525 Euros per month.

4. **How to apply**
The candidates must submit their applications by sending an e-mail to mdm@iri.upc.edu with this information:
   - Name of the student
   - Contact information
   - A selection of a maximum of three research projects from the list of proposals that will be published next 15th January 2019. The applicant must indicate a preference order.

The next documentation must be attached:
   - Academic records
   - CV

The deadline for receiving applications from the students will be **31st January 2019**.
